**Flexible headrest**

All articles have an infinitely variable headrest adjustment. With the seat-back function, it is available motorised and motorised with battery (surcharge in each case).

Seat/back adjustment

A seat/back adjustment can be ordered in various versions at an extra charge. Seat and back can be adjusted separately. Seat and back can be adjusted separately.

Metal colours for legs

The 5-star base F 99 can be ordered in polished chrome, silver, bronze or black. Please indicate the desired look.

Accessories armpart & shelf

The SA armpart can be ordered with the armchairs protruding on the left, protruding on the right or for both sides. A shelf is also available.

Metal turntable in different versions

The metal turntable is available at extra cost and in polished or matt chrome.

ORDER INFORMATION**Ordering the functions:**

Standard: headrest manually/mechanically adjustable

surcharge item no. **F40:** function motor twice for seat-/back adjustment (double motor)

surcharge item no. **F50:** function motor twice for seat-/back adjustment **incl. headrest adjustment** motorised (triple motor)

surcharge item no. **F70:** function double motor with **battery pack** for seat-/back adjustment (double motor)

surcharge item no. **F80:** function double motor with **battery pack** for seat-/back adjustment **incl. headrest adjustment** motorised (triple

motor)

Adjustment by motor:

Please pay attention that with using the adjustment by motor with battery pack the battery has to be charged completely every 4 to 6 weeks, also if the function wasn't used regularly.. The seat and back can be adjusted independently of each other.

Position of the battery charging socket:

The battery charging socket is located at the back at the bottom.

Rotary limitation:

The armchairs with stream supply by net cable

are defeated by a rotary limitation to maximum 355° what serves for the protection of the net cable.

Position of the push button when ordering the extra charge functions:

Order of no armpart: protruding left, flush in the seat

Order of armpart right and left: protruding left, slightly recessed in the seat

Order of armpart right or left: on the respective side with armpart, slightly recessed in the seat
The push button switch is black.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height.

Seat depth: approx. **55 cm**

Overall depth with function: approx. **171 cm**

Model-related feature:

The upholstery of this model is deliberately processed casually to create a certain visual

appearance. Waving is not a quality defect, but a model-related feature that ensures optimum seating comfort.

Digital fabric/leather and colour samples:

The visual appearance of the covers and colour samples may vary, samples in accordance - colour and structure deviations possible.

Accessories Shelf:

The shelf is rotatable, covered with leather Z73/99 night black and has a metal bracket powder-coated in black.
